The Kay Bain Weiner Glass Art Educational Foundation (KBW Foundation) is a non-profit organization whose mission is to stimulate and promote interest in glass art through educational projects.

To encourage the teaching of glass art in K-12 schools, the non-profit KBW Foundation is offering **Grants to School Art Instructors** who are presently or planning to teach glass art as part of their curriculum. These \$250 grant certificates can be used for the regular school semester program or a summer session and can be redeemed at a supplier of your choice. Once you have chosen your vendor, the KBW Foundation will then pay \$250.00 directly to this vendor.

The Funds must be used only for art glass supplies for teaching in the classroom. It is highly recommended that you choose a local supplier who can provide you with technical assistance and allow you to save on shipping costs.

**Grants application deadlines:** May 1 and October 1 of each year. Awards will be made and notifications sent approximately one month after deadline.
